This year, you may notice that the layout of the yearbook has been changed considerably. In the past year, Fermi has overcome many changes; most obviously, the new fields that brighten the school environment. So, along with the groundwork of the soil, we decided that the yearbook needed a new look as well.

Instead of doing the same layout that has been the standard for years and years, the yearbook committee decided to change the layout to a seasonal theme. By doing this, the yearbook was able to capture all the events and occasions the students of Fermi experience during their high school career.

We also have incorporated a hand theme throughout the book. A handprint is something that everyone leaves behind, wherever they go. High school is a significant part of a person's life, and your time at Fermi is like leaving your handprint behind. Hopefully, like the mark you leave on Fermi, this yearbook is something you will be proud to look back on.

Administration

To the Class of 2008,

During the Freshman Orientation that was held in August 2003 I remember reciting a really big number to you and asking you if you knew what it was. None of you did and when I told you that was the number of days until your Graduation in June of 2008 you groaned because it seemed so very far away. Now here you are as seniors some 1300+ days later and many of you cannot believe how the time has flown by. Neither can I! As you began your education here, your few first days were filled with anxiety about your new surroundings, with trepidation about the teachers you were meeting for the first time, and with curiosity about what would happen to you over the next four years of high school. For some of you, Graduation 2008 was so far away that you doubted if you would be able to complete the journey. Now, here you are, at the end of the road and on the doorstep of the rest of your lives. Many of you may soon experience those same fears and questions in whatever you choose to pursue after high school. The difference is that now you are well prepared for those challenges. Instead of learning as you go, you will be able to apply what you learned from your high school experiences in ways that will make these challenges seem quite manageable and less daunting.

As you look back over these past four years I hope you realize the profound impact that you, the Class of 2008, have made on our school. You have been leaders in the classrooms, in musical and dramatic performances, in the athletic arenas, in school government, and in numerous school activities. I am very proud of you. It is my sincere wish that you will always remember that you are part of our Enrico Fermi High School family and that you will always be welcome here. Good luck to each and every one of you!

Sincerely,
Paul K. Newton

Enrico Fermi High School

Ms. Lia Barnes
1st Floor Vice Principal

My high school yearbook quote was from William Shakespeare's Hamlet : *"This above all: to thine own self be true..."* Twenty-nine years later, I still think it's the best piece of advice to share with a class of graduates. As a student, friend, mother, wife, teacher, nurse, and assistant principal, I have always tried to be true to myself. Sometimes this means standing up for things I believe in, like everyone's right to an outstanding education. Sometimes this means radically changing my career path, and accepting that life is a journey with no set guidelines or formulas. Sometimes this means admitting to myself that I was wrong. Being honest with myself, however, has never led me to make a decision that I've regretted.

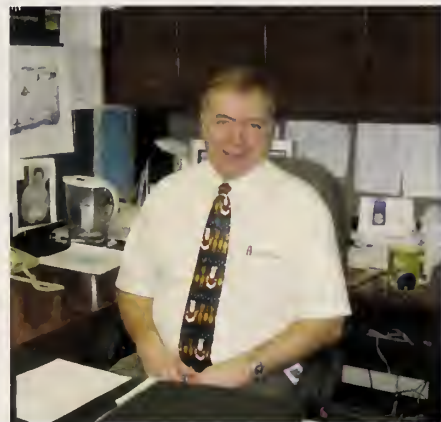

It is my deepest wish that you, the class of 2008, will be true to yourselves as you set off on this sometimes terrifying and remarkable journey we call "life." I firmly believe that each and every one of you has the power and strength to be true to yourself, and make good decisions, and learn from the bad ones. I believe all of you can be exceptional human beings, and I want nothing more than to see you emerge into the global mixing pot, scared yet strong, wide-eyed yet standing tall, and open-minded yet true to yourself. Helen Keller, one of my personal heroes, said, *"Life is either a daring adventure, or nothing."* I'm so proud of all of you, and I hope your years at Fermi have helped prepare you for your very own daring adventure.

With all best wishes,
Ms. Lia Barnes

Culture Shock

Mouna Kanoun

Where are you originally from?

Mouna: I am half German, half Tunisian and I was born in Braunschweig, Germany.

Anika: Hamburg, the capital of Germany.

Have you ever been to the United States before?

Mouna: No.

Anika: Yes, in 2005 to visit New York, Chicago, Washington, D.C., and other places with my friends.

Why did you choose to come to the United States?

Mouna: Because of the language. English is so important today.

Anika: To learn the language and because of the experience.

What's your favorite thing about the United States?

Mouna: The people. They are friendly and open. And the food! I like to go to TGIF and Red Robin.

Anika: The language.

What do you miss most from Germany?

Mouna: My family and the public transportation system.

You get your license at 18 in Germany.

Anika: My friends.

What is the biggest difference between your hometown and Enfield?

Mouna: In Europe, there are long walks with stores like Evergreen Walk, but no big enclosed malls.

Anika: There is no public transportation.

What German phrase do you think every American teenager should know?

Mouna: Iss keinen gelben schnee.

Translation: "Don't eat yellow snow."

It is safe to say that these last four years at Enrico Fermi High School have gone by too quickly. As we reflect on our past, it is funny to think that we once were the tiny nervous freshmen being overpowered and lost in the crowd, but now it will be our turn to throw our caps in the air as we hold our diplomas in our hands.

Together we have survived some of the best times and some of the worst times. We have all grown and matured into the young adults that we have long awaited to become. As the poet e. e. cummings once stated, "It takes courage to grow up and become who you really are." Together we will leave this school with an eagerness to take on the real world. So wherever the path of life takes you, make the best of what is given to you.

Take the life lessons and knowledge you have gained here as students and use it to make a difference. Do not settle for being just average and strive for excellence in everything you do from here on out. I wish all of you nothing but the best of luck in all of your future endeavors.

Your Class President,

VARSITY CHEERLEADING

To all my favorite cheerleaders,
First of all, I want to thank all of you for giving me such an amazing year. I feel we have all bonded so closely through the years. You girls are amazing. I have never seen so much determination, spirit, and pride before this year. It has been quite the experience watching you all grow from your first years of cheerleading. Always remember to believe in your dreams with confidence and spirit, and always wear your falcon smiles! I wish you all the best of luck for next year! I love you all, and I will never forget any of you.

Love Always,

Nina

To my Lady Falcons,

Without even looking at our trophy case, we all know this year has been a major success. As you look forward to a new season, remember I'll always be cheering my favorite cheerleaders on. If not in the stands, you can count on me being there in spirit! We have unforgettable memories, and I'm fortunate to have gained all of my teammates as friends. The Varsity Cheerleading squad is an amazing group that I am so proud to have been a part of. You all have incredible potential, and that I know will shine for years to come through your success, but more importantly your spirit. Through my four years on the squad, I've watched you all grow into the talented bunch of friends you are today. As always, remember to believe; no goal is ever too high for the Fermi Varsity Cheerleaders.

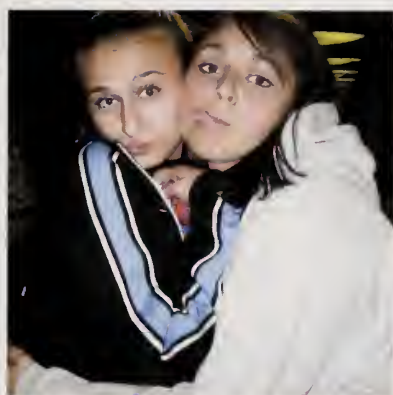

With love,

Baby

RECORD BREAKERS

We had a great team this year. We went to states and scored the highest our girls' XC team ever has. And we had a girl make it to the Open. We had a really young boys' team this year and they improved immensely. By the time they're Seniors, we're sure they'll be amazing runners! We wish everyone good luck next season. We'll miss you!

Love, your captains,

FIELD HOCKEY

VARSITY

Dear field hockey girls of 2008,
We played some pretty intense games; fighting hard, staying strong, and never giving up. Our record doesn't reflect our true team cohesiveness. We have flourished not only as individuals, but also as a team; learning and growing with one another. We have formed many friendships that will last forever, along with creating many memories that have left imprints on our hearts. We are also very grateful for our three coaches Amy, Monica, and Chelsea for being so dedicated to our team and always pushing us to our full potential. Thank you girls for sharing such a memorable season.

VARSITY

This year really was a collaborative team success. After losing 13 Seniors last season we turned a rebuilding year into the first Fermi soccer team to beat E.O. Smith twice in one season and we won the CCC East Conference Championship for the first time since the 1997/1998 season. We finished in the quarterfinals with a record of 12-5-2. Overall it was a very successful season and a great way for the Seniors to finish their high school careers. Good luck next year.

GIRLS' SOCCER

VARSITY

It was a good season this year. We ended up finishing the season 7-7-2. No matter what the scores were we always managed to still have fun, especially during the long bus rides and night games from the V-I-C-T-O-R-Y cheers to "Quigley". We couldn't ask for a better team.

To the returning players and entering freshman of next season we would like to leave you with these words of wisdom... *Stay dedicated to the game and improving as a player. Most importantly, support one another and make an effort to include every one of your teammates in whatever you may do, whether it is in practices, games, or simply in school, because they are the ones you will remember most about your high school soccer career at Fermi.*

Dear Swimmers,

We had a lot of fun this season. Although our record wasn't great, we had a lot of personal improvements and best times. We also had a very successful states team sending seven girls all the way to finals. Thanks for the best Senior night ever. GIRLS' VOLLEYBALL

VARSITY

First of all, I would like to thank each and every girl on Varsity for making my Senior year such a great one. I'll never forget the fun time we had together. Throughout the season we were known as the team who was in their rebuilding season. But we sure did prove them wrong many times. For example, when we played against our rivals at Enfield High, we were able to come together as a team and beat them. Both those nights we played our hearts out because we wanted to win so badly, and when we did, the feeling was unforgettable. I can still remember those moments when it seemed as if it was impossible to win, but, whenever we were in a tough spot, all it took was that one person to do something funny or stupid and we would all become in tuned to each other because we were given that chance to relax and start over. From having rap-offs on the bus, to the "ur mom" jokes during a game, there was never a dull moment on this volleyball team! Because of this year, I will always remember to jump on it whenever I'm stuck in a rough spot. Most of all I'm so very thankful that everyone on the team let me be a part of all the traditions and fun times it had together, even though none of you knew me at all in the beginning of the year. You all made my transfer into Fermi much easier, and a lot more fun! I wish the best of luck to you all next season because you finally won't be the under-dog team. So, jump on it, and show everyone else what the Fermi girls' volleyball team is really made of!

AMIGOS NUEVOS

Although Enfield High hosts the students from Spain, Fermi was lucky enough to spend the afternoon with them. The event commenced with a variety of refreshments and then moved on to games led by Mr. Dube. We played games that allowed the different students to get to know each other. Every few minutes we switched into different groups and conversed about a new topic. Some topics were fun such as, "If you could have any superpower what would it be?", while others were more serious like, "If you could change one thing about the world what would it be?" All in all everyone had a wonderful time. It was a great day of laughter and learning. We enjoyed our guests from Spain and JFK.

Fermi Students Place Second in Quiz Bowl at UConn

On Thursday, November 8th, Enrico Fermi High School's French 5 and 6 students traveled to UConn to participate in UConn's annual French Day. Windsor, Coventry, Fairfield, Sheldon, Glastonbury, Parish Hill, and E.O. Smith high schools also attended.

For the first half of the day students were broken up into small groups that were taught by French speaking teaching assistants. They played French games and got to know the other students, all while speaking French. "It was a lot of fun getting to know the other students, and it was a really good opportunity to practice our French" says Allie Corriveau, a Fermi Junior in her fifth year of French.

For the second half of the day a majority of the schools had teams participating in the French Quiz Bowl. The Quiz Bowl was an intense competition where the teams were asked questions ranging from verbs to geography, about anything French. In the final round Fermi's team of Seniors Joe Fusco, Andrew Martin, Tara Mooney and Kristine Zytka competed against Windsor. Fermi placed second, but played an awesome game! "We left it all on the stage. The sense of accomplishment and victory made the hours of studying worth while", "It took much time towards studying and practicing, but we enjoyed it greatly and loved representing our school", "Our accomplishments have inspired me to continue the study of French through my college years." is what Joe Fusco, Kristine Zytka, and Tara Mooney from Fermi's Quiz Bowl team had to say about the competition.

All in all, French Day was a great success for the Fermi students. We are so proud of our Quiz Bowl team, and our very spirited audience, who brought life to the competition with a few rounds of Fermi cheers. French Day was a beneficial experience for Fermi's French 5 and 6 classes. "We got to practice our French, get a good taste of college life, and we can't wait to participate next year" - Fermi's French 5 class.

A WEEKEND TO REMEMBER

Fermi Fest has been a growing tradition in Fermi history. Complete with bands, games, fundraisers, food and even a Guitar Hero station, the night was fun for all who came. Saturday was another spirit filled day, starting off with a school-wide parade, leading to the traditional football game, and ending at night with the semi-formal dance.

Below, (Travis Lombardi) was the big winner of the night, taking a portable DVD player from DECA's Flip Yo' Luck.

Far left, Matt Violette plays Guitar Hero. Left, Kathy Russell crowns Shannon Doherty Homecoming Queen.

With Fermi's home fields still under construction, the Homecoming game and "parade" were moved to Enfield High. The Junior float took first place; members from every class came out to cheer on the Falcons.

HOME AWAY FROM HOME

The weekend ended with the annual Homecoming Dance in the gym. The semi-formal affair included the Cotton-Eyed Joe, Cha Cha Slide, and Soulja Boy. Left, Axel Colon, Jack Shaughnessy, and Rob Van Nostrand.

WALKING FOR A CURE

FACULTY/ALUMNI MEET

Senior Night

A new tradition at Fermi High School was invented this year! As a final meet of the swim season, the girls decided to swim against the faculty and alumni. Familiar alumni and some of the bravest teachers of the school showed their skills in the water. At halftime, members from both teams participated in an impressive cannonball/belly flop contest. This memorable Senior night was a fun time for all who attended!

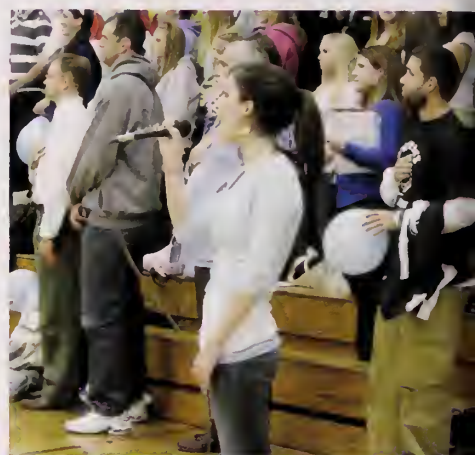

PEP RALLY

GET INTO THE SPIRIT

The day before Thanksgiving means the annual Pep Rally for students at Fermi. The rally included appearances by the Marching Falcons Band, the Varsity Cheerleaders, the captains of each of the fall sports teams, and new this year: a class-versus-class relay race. Hosted by our own Mr. Dube, the pep rally gets the school excited for the Thanksgiving Day Game. Falcons fly, Raiders die!

GAME TIME!

Thanksgiving is all about family, food, and of course, football. The 2007 Thanksgiving Day Game kicked off with a ribbon cutting ceremony of Fermi's new turf fields. The fields were finished for the game and include a rubberized track, new metal bleachers, lights, and of course a turf football/soccer/field hockey field. The Fermi Falcons battled hard but fell behind Enfield High, the end score being a close 14-28. They were supported by the cheerleaders and the band performing the music of Beethoven at halftime. It was a beautiful day on the beautiful new fields, and no matter the score we kept our Falcon Pride!

Left, Knuckles (Adam Short) fights off Cuddles and Fingers (Tiffany Almeida and Tyler Reese)
Right, Michele Lavorgna as Melba

As a change from the ordinary, the Fermi Lamplighters Drama Club staged a full-length two act play for their fall show. The comedy about a beauty pageant scheme gone wrong was an instant hit!

The show sold over 500 tickets and received rave reviews. The production was cast perfectly and each crazy character added their own hilarity to the stage. Bravo!

VARSITY

Even though our record this year didn't reflect our team's talent, everyone put a lot of work into making this season a great one. Although the team will suffer the loss of two graduating Seniors, I expect a great future for the Fermi Boy's Basketball team. Make sure a positive attitude floats with the team next season. Good luck next year.

CHAMPIONS

The Fermi basketball team once again had a very successful 07-08 season. We finished the season 17-5. The girls' basketball team had some individual accomplishments along with team accomplishments. This season, the Enfield Rotary Classic Tournament was a huge success for Fermi. We won the tournament, and Leena Ware was named MVP, along with breaking the Enfield scoring record with 39 points in one game. Erin Alaimo was also named all Rotary Team of the Rotary Tournament. We all wish the Fermi Girls' Basketball team good luck next year with another successful season.

Sincerely,
Katie White and Erin Alaimo

ICE HOCKEY

VARSITY

What can we say? What a great season. We had a lot to live up to this year, after winning three consecutive CCC-East titles. It was a fun-filled and eventful year. We were forced to battle through a lot of adversity, which made us a very united group of talented student athletes. Even though we couldn't win a 4th straight CCC- East title, we still had a very successful season and a winning record. We will all look back on this season with fond memories until we grow old and can't remember it anymore. Let's hope Fermi Hockey can still throw it up next year without the Class of 2008!

INDOOR TRACK

This season the Indoor Track team did very well. Everyone had personal bests and improved greatly. Erica Hines broke the 600m and 1000m records. Erica, Bre Muratori, Nikki Campisi and Elise Zarcaro broke Sprint Medley record and made all conference. Nikki Campisi also broke the 300m record and helped Elise Zarcaro, J'aime Giaccone and Angelique Ross break the 4x200m record. For the boys, James Wilson placed 9th in the 1000m overall in the state. Great job everyone and good luck next year!

Thank you

WINTER CONCERT

The Fermi Auditorium was packed for the Fermi Instrumental Music Association's Annual Winter Concert, a night for fans of FIMA or appreciators of good music.

**"LIFE WITHOUT MUSIC
WOULD BE A MISTAKE."**

- Friedrich Wilhelm Nietzsche

The concert included musical selections performed by the String Orchestra, Jazz Combos A and B, the Jazz Ensemble, and the concert and marching bands, including the color guard..

Right, music program director Mark Reppucci conducts the concert band.

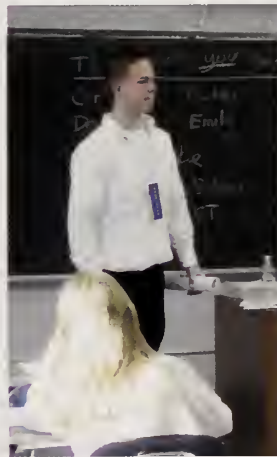

Right, drum major and FIMA Senior Kiana Saroce conducts the marching band.

LEADERSHIP FORUM

Teen Leadership has become a life-changing class for many students since it was first offered as a course three years ago. But for a group of lucky leaders, the skills they learned in the classroom were put into use and taught to younger aspiring leaders. Fifth and sixth graders from across the state were nominated to come to Asnuntuck for the day where the lucky Fermi students, Freshmen to Seniors, taught three hour-long sessions. One group held a class on decision making and how important having a positive attitude is, while the other group taught communication skills such as making speeches and making good first impressions. It was a truly unique and inspiring experience for both the students and their teachers.

Far left, Mr. Dube.
Center left, Brianna Samson demonstrates how to tie a tie.
Near left, Chris Weis teaches about decision making.

Above, Kalyn Johnson teaches about support chairs as Jake Lavender and Matt Violette demonstrate.

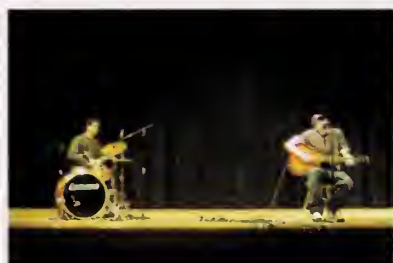

TALENT SHOW

BRAVO!

We would just like to thank everybody who made it possible for us to have a talent show this year. Even though we wish it had been longer, we had so much fun preparing and having a fantastic show. The acts were amazing, the directors were... tolerant, and we were incredibly glad to have the opportunity to tri-host the show. We hope everyone who was in it loved it as much as we did, and everyone who saw it enjoyed it too. We only wish that we could have been able to do it over and over again. SENIORS '08!

- Joe Nascembeni, Brett Pinedo and Will Barrett

Below, singers Kat Eichler, Mindy Millette and Liv Gaines.

COSTA RICA

¡Pura Vida!

Hola! During February vacation students from grades 10 to 12 participated in our 2008 Costa Rica trip. It was an unforgettable experience. In this 9 day adventure we zip lined through the forest, visited an elementary school, and high school where some of the Fermi High students played soccer with the local students. We also went kayaking and saw great views of the landscape and of the volcanos. We got to see two waterfalls, and we got to swim in a river that was beneath one of the waterfalls. This trip was one of the most amazing experiences of our lives. We'd like to thank Sra. Joeckel, Sra. Marek, and Sra. O'Rourke for letting us be a part of it.

HOCKEY SHOWDOWN

RIVALRY

In possibly one of the biggest sporting events of the year, Fermi and Enfield students, teachers, and alumni crowded the Enfield Twin Rinks for the annual crosstown faceoff. The Falcons didn't hold back when they were the visitors and brought the Raiders down with a final score of 5-3. When it was Fermi's turn to host, they demolished the Enfield icemen, shutting them out 6-0. The shut-out was especially exciting because it occurred on Fermi and Enfield's Senior Day. The Twin Rinks was packed both days with fans like Kyle Campbell, right, who live for hockey and the excitement of a rivalry that's been going on for over 30 years.

Near Right, standing room only: the Rinks are packed with hockey fans.

Near Right, the team celebrates their victory over the Raiders.

Far Top Right, Eric Chamberlain slides around the back of the net guarded by Zac Nolan.

Far Bottom Right, the Falcons fly into the offensive zone.

Far Left, Senior Will Barrett is all smiles after the Falcons shut out EHS.

Near left, captain Joe Fusco (13) prepares for the puck to drop as freshman Joey Rush (12) stands ready behind him. Rush scored the final goal of the game, bringing the score to 6-0, Falcons.

CHAMPIONS

Left, Katie Francoeur, Tara Mooney, Kat Eichler, Kalyn Johnson, and Brianna Samson show their spirit for Fermi's star goalie.

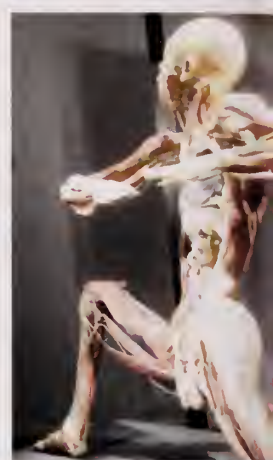

BODIES REVEALED

Near right, Matt Skowera waits on the bus.

Far right, an example of a body specimen.

Mrs. Drzyzga's Anatomy and Physiology classes and Mr. Lenn's AP Biology class took a special trip to the XL Center to see Bodies Revealed, an exhibit of real human bodies. The exhibit included models of the skeletal, muscular, nervous, digestive, and respiratory systems, immaculately preserved. The exhibition also included a "Touch Station" where students could hold a preserved human brain or lung.

Right, Brianna Samson, Tiffany Almeida, Katie Francoeur, and Adam Beaudoin learned that after the specimens are injected with the polymer to preserve them, the polymer replaces the tissue: the bodies you see aren't made of human tissue!

IN MEMORY

A teacher is," a person who has the responsibility for providing the educational content of a subject area to students". However, being a "Teacher" involves much more than just simply supplying the facts of a subject. A Teacher is a person who also provides assistance, guidance, counseling, constructive criticism, and advice to his/her students. A Teacher is one who motivates students to strive to the best of their academic abilities, to recognize their roles and responsibilities, and to make appropriate choices. In short, a Teacher is a person who "makes a difference" in the lives of others.

Mrs. Marilyn Bertrand was a "Teacher" at Enrico Fermi High School-- for 37 years. She touched the lives of countless students, parents and staff members throughout her career. She embodied ALL of the qualities that encompass being a Teacher.

To the faculty, administrators and staff at Fermi, Marilyn Bertrand was our colleague and friend who will continue to be a part of our lives. Her gifts included her expertise and professionalism in the classroom, her enthusiasm, and the bonds that she formed with each of us. Marilyn truly had a gift for making us feel "special".

Her legacy will be for people to say, "She was our Teacher. She was our Colleague. She was our Friend. She made a Difference". And some fortunate ones have the privilege to be able to say, "She was MY Teacher".

Gone. But Not Forgotten.

There are so many people who need to be thanked for making this yearbook possible. Traces 2008 turned out to be quite a challenge. We had to work with a completely new set up and run off of a completely different idea for the book. The chronological book was a new concept and it took a lot of hard work from everyone to get the project going. We have to say though, out of all the books we've seen at Fermi, this one is one of the best. Ballin', if you will. We are so proud of how it turned out. We want to thank, from the bottom of our hearts, Mrs. Joeckel for her undying encouragement, organization, and patience. We couldn't have done it without her. Also, a big thanks goes out to Mr. Rev. We didn't see much of him this year, but he would always take the time to stop us and find out how the book was coming along and ask how he could help. And finally, thank you to our dedicated staff. This book wouldn't have been possible if not for them. Thank you all so much. We hope everyone enjoys the book as much as we enjoyed making it.

DODGEBALL

FIRST ANNUAL DECA TOURNAMENT

THE CHAMPIONS of the tournament were THE FACULTY, below. Congratulations!
Front Row(L-R) Mr. Walsh, Mr. Dube, Mr. J
Back Row (L-R) Mr. P, Mr. Coccia, Mr. O'Connell

Teams of six or more were called to Fermi's gym: "Come!" the announcements said. "Come! And play dodgeball!" The First Annual DECA Dodgeball tournament was a huge success. Teams of six or more players played a single-elimination bracket, best 2 out of 3 games advancing to the next round. The competition was intense! The final showdown between the Faculty and Big Dudes was played best 3 out of 5. Big Dudes put up quite a fight, but the Faculty clenched the championship over Big Dudes 3 -1.

Below, Dave Sotolotto throws the ball.

Right, Dan Spazzarini and Dave Cardaropoli.

DODGE DUCK DIP DIVE DODGE

Despite a lot of talk and very classy uniforms, Team Dominashun was taken out of the tourney relatively early. The team (above): standing (L-R) Mike Bialobrzewski, Joe Fusco, Anthony Sarno, Cole Strouth, Matt Violette, Pat McKinney; sitting (L-R) Alex Dumont, and Kyle Campbell.

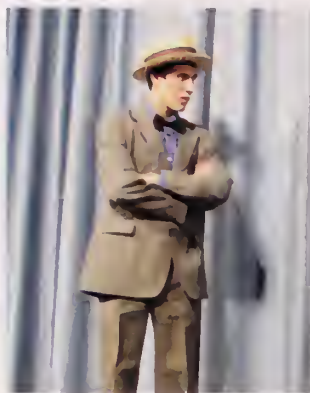

Left, Big Dudes prepare to sprint to the center line and get the dodgeballs. Despite a valiant effort and great dodging abilities, Big Dudes ultimately came in second in the Tournament.

Left center, Eric Bergstrom leaps to dodge a ball.

THE STING

THE SWITCH

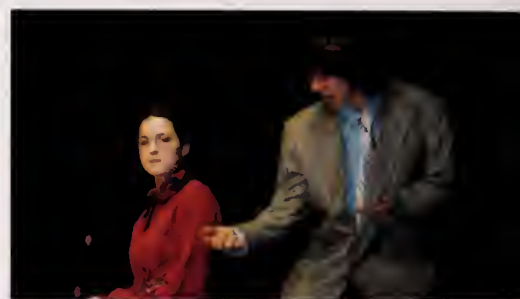

Above, Teddy Fournier.

Above, Tasha Fagan and Rebecca Wright.

The Fermi High School Lamplighters are celebrating their 35th Anniversary season with the help of another 35-year old: the classic tale of *The Sting*. The original movie version of *The Sting* was released on Christmas Day 1973, but the Lamplighters gave it new life in the Fermi Auditorium on April 10, 11, and 12.

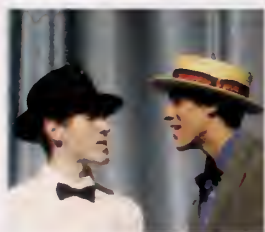

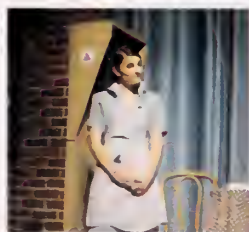

THE SET-UP

Above, Meaghan Power is not happy with Mattola, played by Kyle Donelan.

THE HOOK

THE TALE

"It's very complicated but very very interesting and fun to do because of that," says Fermi Junior Teddy Fournier, who plays Mr. Jameson and Inspector Polk. "I think the audience is going to be pleasantly surprised. Everyone should be able to experience this professional-level performance on a high school stage." The show opened with record audience attendance and was performed wonderfully. The show included 35 actors, 10 members of the back stage crew, and 44 scene changes: a caliber of drama unheard of for a high school cast. Every part took inspiration from the original movie, but each actor made sure to make the character all their own. The final production brought the audiences to their feet with its message of friendship and loyalty.

Far Left, Tyler Reese as Johnny Hooker and Alex Peabody as Joe Erie.
Left, Tiffany Almeida plays Cynthia Hastings, a young author writing a book on the story of The Sting being retold by Mrs. Vanderkieft, played by Vicky Nascembeni.

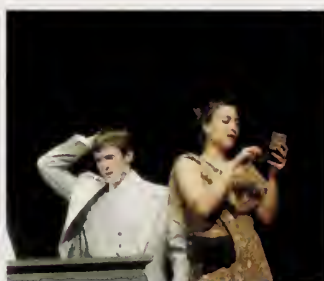

THE WIRE

Left, Tyler Reese plays a con with Joe Nascembeni, who plays Hooker's friend Luther.

THE SHUT OUT

Above, Brianna Samson as Vivian Lonnegan is led away from the sting by Nathan Nai, who plays Snyder the bunco cop.

Far left, Spencer Reese as Gondorff lectures Tyler Reese as Hooker.

Left, Kyle Donelan puts the moves on Bridget Alaimo the counting girl.

FAMILY SCIENCE NIGHT

Family Science Night opens Fermi's doors to all of Enfield's budding chemists, biologists, and physicists.

Organized by the hardworking faculty of the science department, Family Science Night is actually run by Fermi's own science students. Families are able to see a light show in the Planetarium, learn what color different elements burn, make UV-bead bracelets that change color when exposed to ultraviolet light, examine different slides under a microscope, and even witness the glory of the Flaming Tornado. A fun-filled and educational night for all, Family Science Night gives everyone the chance to be a scientist.

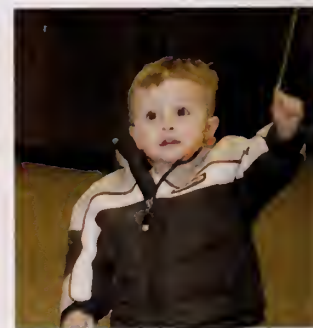

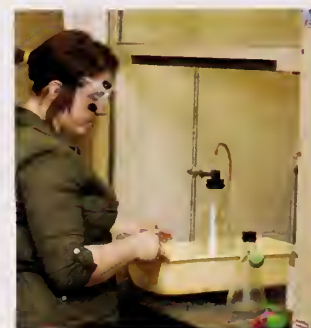

Right, Family Science Night 2008's Runners, Tara Mooney and Kalyn Johnson, demonstrated Water to Wine last year.

LEARNING BY DOING

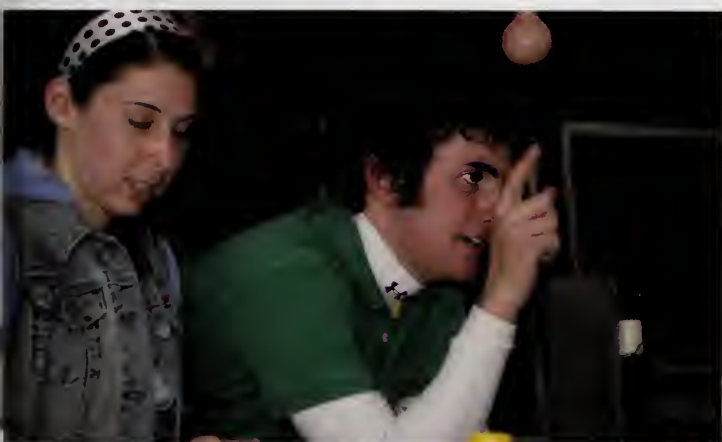

Family Science night covers all the basic sciences: chemistry (colored flames, Water to Wine, Elephant's Toothpaste), biology (microscopes), and physics (Flaming Tornado as well as demos on air pressure, light and sound waves, and circular motion). Visiting families can observe, hear, and even feel the experiments happening right before their eyes.

Right, a family enjoys a demonstration.

BUZZ ROBOTICS

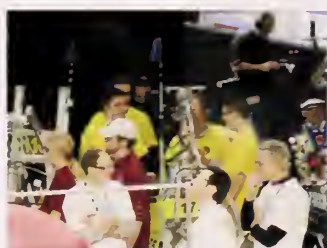

CONNECTICUT REGIONAL

Building a robot sounds like something out of a science fiction movie, but every year Buzz Robotics takes on the tasks and builds a complete and functioning robot controlled by drivers with remote controls. The robot is required to complete a certain task which changes every year. This year, the Buzz Robotics Team rose to the occasion, taking their Robot on the road to Hartford for the Connecticut Regional Competition. After hours of hard work and six grueling weeks of tech and polishing, they performed marvelously at the competition.

Above, Kevin Zaylor works in the wood shop. Left, the entire team with their finished robot.

Right, teammates worked tirelessly in the Buzz War Room and the cafeteria to assemble a working robot.

RELAY FOR LIFE

Left: Bonnie Zimmer, Emily Anyzeski, Kyle Campbell, Dube and Andrew Martin enjoy jammin' to some tunes on the track.

Above: Chris Rago, Zach Hughes, Katie Francoeur, Dave Sotolotto, Dube, and other relayers enjoy walking for a cure!

The Suffield Relay for Life is an annual event put on by the American Cancer Society to raise money for cancer research. The twenty four hour walk is always a good time for a great cause. Teams set up campsites around the track and fundraise throughout the day. Everyone has a great time. At night there is a special luminaria ceremony and an hour of remembrance for those who have survived, are fighting, or have died of cancer. The effect cancer has on all of us is really summed up at this inspiring event! Hopefully in the future events like this can put an end to this horrible disease.

Right: Brianna Samson, Shannon Vujs, Andrew Martin, Kera Tanguay and Joe Nascembeni show off A Walk to Remember's Bronze Star fundraising sign in the rain.

BASEBALL

VARSITY

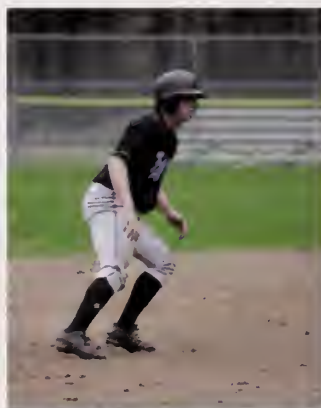

The Chronicles of
Chris Rago.

We dedicated a quarter of this year to the sport we love. A sport that has brought us as much fun as it has pain. From the numerous broken bats, helmets and spirits, to shouts of victory, we have learned a lot from the world's greatest games. Use what you have learned from baseball and work hard, be respectful, and be a good person. I wish you all the best of luck in your endeavors. Your captain,

Erik Bergstrom

SOFTBALL

VARSITY

The Falcons Softball team faced a challenging season after losing players from last year, but the team never gave up. The combined efforts of all the teammates worked together to give the Falcons a very exciting season. The softball team even got the privilege to play for the first time on Fermi's new and improved softball fields. Each player would always perform to their best ability, and it showed. Good luck to Danielle Pelletier, this year's only Senior, in whatever the future brings, and good luck to the Falcons!

Over the course of this year, we have all grown so close together that we are practically family. We all love tennis and it shows through our efforts in each game. I'm so proud of each person on this team for making this season one of the best that Fermi has ever seen for boy's tennis. To Tim, Drew and Pat, good luck in the future and don't let anything or anyone stop you from achieving your dreams. For the rest of you punks, I'll see you next year where we can continue living the legacy of the Fermi MENS' tennis team.

GIRLS' TENNIS

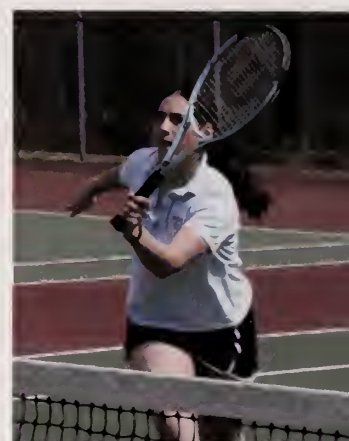

I don't know what I can say to thank you girls for making my Senior year so great. I'm so proud of you all; you've grown and improved so much throughout the season. I'll never forget our times at Bristol Eastern or the singing/mood ruining parties on the bus. Keep working hard and stick with it. Believe in yourselves like I believe in you. I'm going to miss you all so much. And remember, in the infamous words of Chelsea: "Short tennis skirt, now she got me in the zone... She's stuck on my ella, e-ella-vator." Good luck next year, ladies. I know you'll be amazing!
